West Coast Homecare

We are best described as invigorating in our optimism and “can do” attitude that we bring to our customers, family members, contractors and our community.

We aim to provide people with access to the best matched services and support, making people feel strong, healthy, and full of energy.

Our commitment

We are a locally run, non-government, non-for-profit organisation incorporated under the Associations Incorporation Act 1985 and registered as a charity with the Australia Charities and Non-for-profits Commission, with two entity subtypes of 'advancing social or public welfare' and a 'public benevolent institution'.

Our services are available to people living on the Eyre Peninsula in the local government areas of Port Lincoln, Lower Eyre, Cummins, Tumby Bay, Cleve, Cowell, Kimba, and surrounding areas.

Our local community Board of Directors volunteer their time to guide the strategic direction of the organization and are committed to local community solutions to improve the quality and performance of services for older people and people with disability.

West Coast Homecare is continuously improving and is subject to an independent accreditation to ensure effective management, appropriate access and service delivery.

Let's make it happen.

West Coast Homecare is a provider of in-home aged care and disability support services to the Eyre Peninsula. West Coast Homecare has been facilitating care in the community for more than 30 years. Our people live local, work local, know local. Through our network of trusted home care professionals we offer a range of services, supporting you to continue the lifestyle you enjoy in your own home and community.

Adaptability is in our nature, so we can support more often, or step back when you've got it covered. This is your life. We're just here to support you to live it how you want to.

Mission

Our purpose is to use expert local knowledge to enrich the health and happiness of people in the Eyre Peninsula by providing personalized aged care and disability support services in the heart of our community.

Vision

We will grow alongside our community through times of change by expanding our local networks to connect people to the right care, at the right time.

Values

Strive for excellence

We strive to be leaders in care. We listen and learn, seeking continuous feedback from our customers, contractors and networks to deliver high quality services that meet the needs of local people.

Local at heart

We are experts in our community. We connect people with the best local services to cultivate growth within the Eyre Peninsula.

Community engagement

We prioritise people above all else. Whether it is our staff, our customers, or our community, we are here to listen and respond to human needs and create long-lasting networks of connections.

Sharing in knowledge

We digest complex, ever-evolving information about the aged care and disability industries, and local context, to develop innovative services that meet the needs of the community, and provide clear and insightful advice to our customers and network.

Embrace diversity

We believe everyone is deserving of a happy and healthy life, and we appreciate the diversity within our community. We strive to deliver fair and equitable support for all by guiding people to maintain control and influence over their life.

Services

Our service provision is underpinned by the outcomes of local community engagement, and aims to address the broad range of determinants that shape the aged care and disability services landscape. We deliver services on an individual basis using a wellness and re-ablement approach with the aim of promoting greater independence and autonomy.

We engage in consultation within our communities to develop a deep understanding of our local context and deliver high quality, innovative support to older people and people with disability.

We recognize that 'local' means where people live across the wide and diverse geography of the Eyre Peninsula region. We are proud of the local knowledge our staff, preferred suppliers and service providers use to support the choices of older people and people with a disability.

We have over 30 years of experience delivering flexible, consumer focused care that gives people more say about the support they receive and allows them to live independently.

Staff and service providers

West Coast Homecare service coordination staff work and live locally. They are based in the Port Lincoln office and regularly visit surrounding communities.

Our role is to connect people to appropriately skilled service providers and businesses that deliver safe care and services based on individual choices.

We facilitate delivery of services, assist in managing funding allocations and support access to preferred service providers through the following programs:

- Commonwealth Home Support Program (CHSP)
- Home Care Package (HCP)
- National Disability Insurance Scheme (NDIS)
