

# Coping with changes in behaviours – For clients

**Tumby Bay**

**Friday 9 April 2021**

This session provides an introduction to dementia and changes to the brain, effects on behaviour and the impacts of changed behaviour. It will introduce problem solving models, including strategies to minimise and respond to changed behaviour.

Dementia Australia's facilitators have specialist dementia knowledge, skills and experience. These sessions are delivered interactively, you will be encouraged to share your experiences alongside other participants giving you an opportunity to develop new support networks.

This program and the National Dementia Helpline are funded by the Australian Government.

\*Due to the Coronavirus COVID-19 outbreak, this event will be delivered online at no charge.
